# Barndominiums

Post-frame is perfect for barndo construction

With post-frame building methods, you can offer your customers the most versatile, customizable, and cost-effective barndo solutions possible.

Burrow's has you covered with our complete barndominium network. We have lenders, designers, builders, and plenty of quality products and options to choose from.

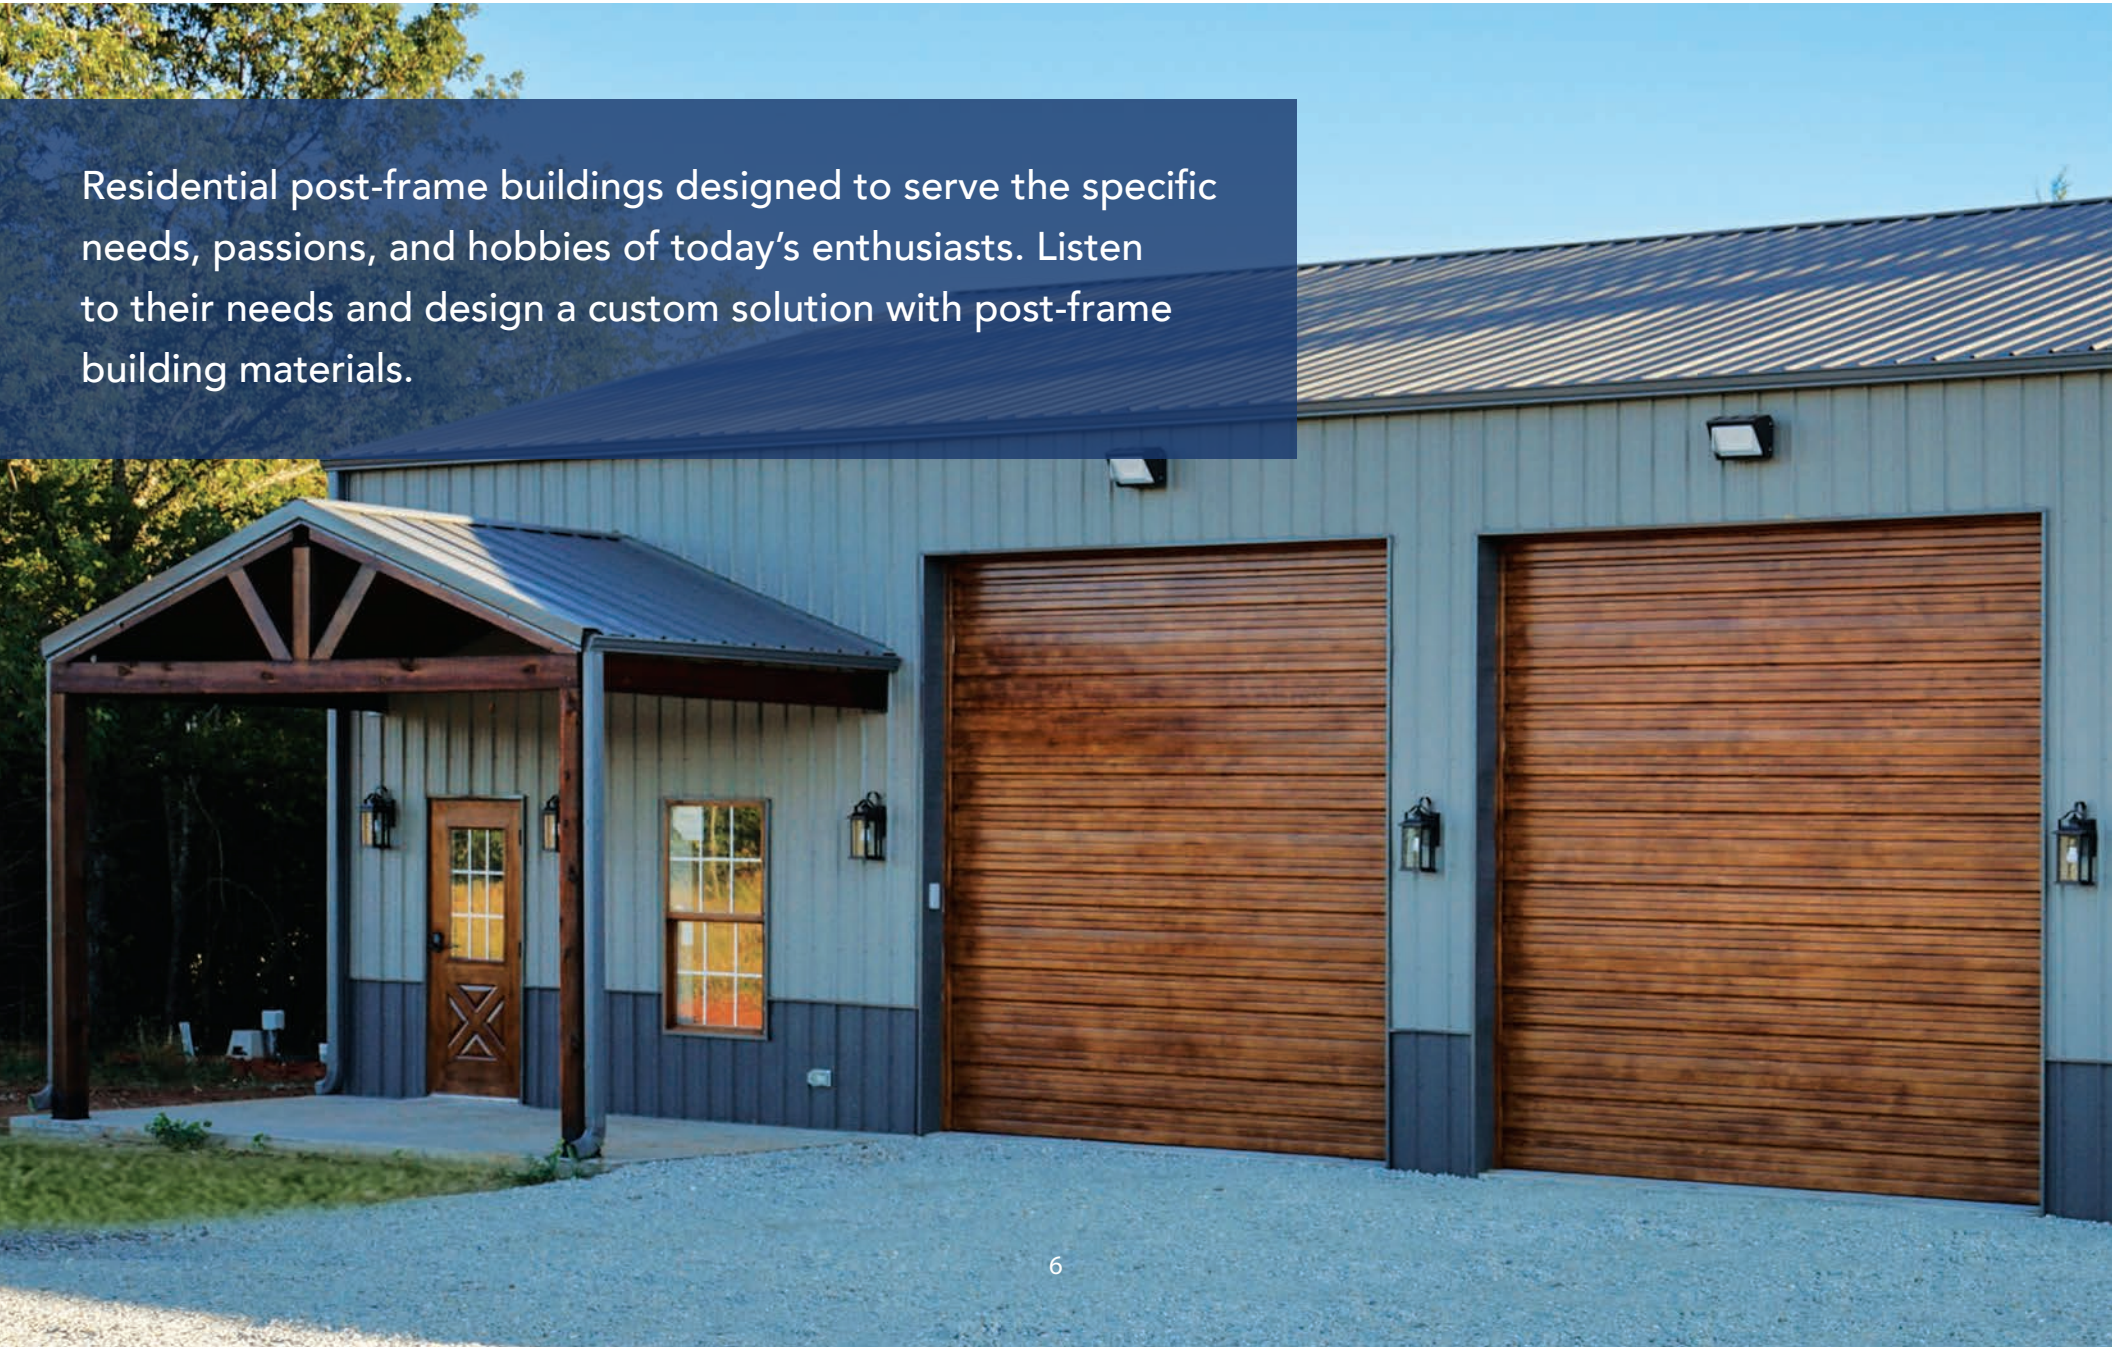

Consumer interest in barndominium living is at an all-time high. Get the post-frame design solution that meets your needs, budget, and timeline.

# Shop and Garages

Build the ultimate space with a custom post-frame package

Residential post-frame buildings designed to serve the specific needs, passions, and hobbies of today's enthusiasts. Listen to their needs and design a custom solution with post-frame building materials.

Post-frame construction is the perfect solution for custom shops and garages whether you're planning a man cave, toy shed, she shed, or simply a garage.

It's easy to design post-frame buildings that match the needs of your customers and fit the style of their surroundings.

# Commercial

Custom post-frame solutions for commercial buildings

With a wide range of building styles to guide your design, build the post-frame commercial building that matches the needs of your customer.

Post-frame is the perfect option for cost-effective commercial projects. Building packages available for a retail business, office space, or business park, office space, or wedding and event center, or venue for a winery or distillery.

Customize the size, shape, and roofline of your customer's commercial building to both support their type of business and make a visual impact.

# Agricultural

Custom post-frame buildings for unique applications

Durable post-frame solutions that are farm-life tough.  
Designed to handle heavy snow loads and strong winds,  
making post-frame perfect for large agricultural buildings.

Plan, design, and build post-frame agricultural structures and buildings that meet your customers' unique needs and wants. Custom solutions from post spacing and depth to ceiling height options and truss style.

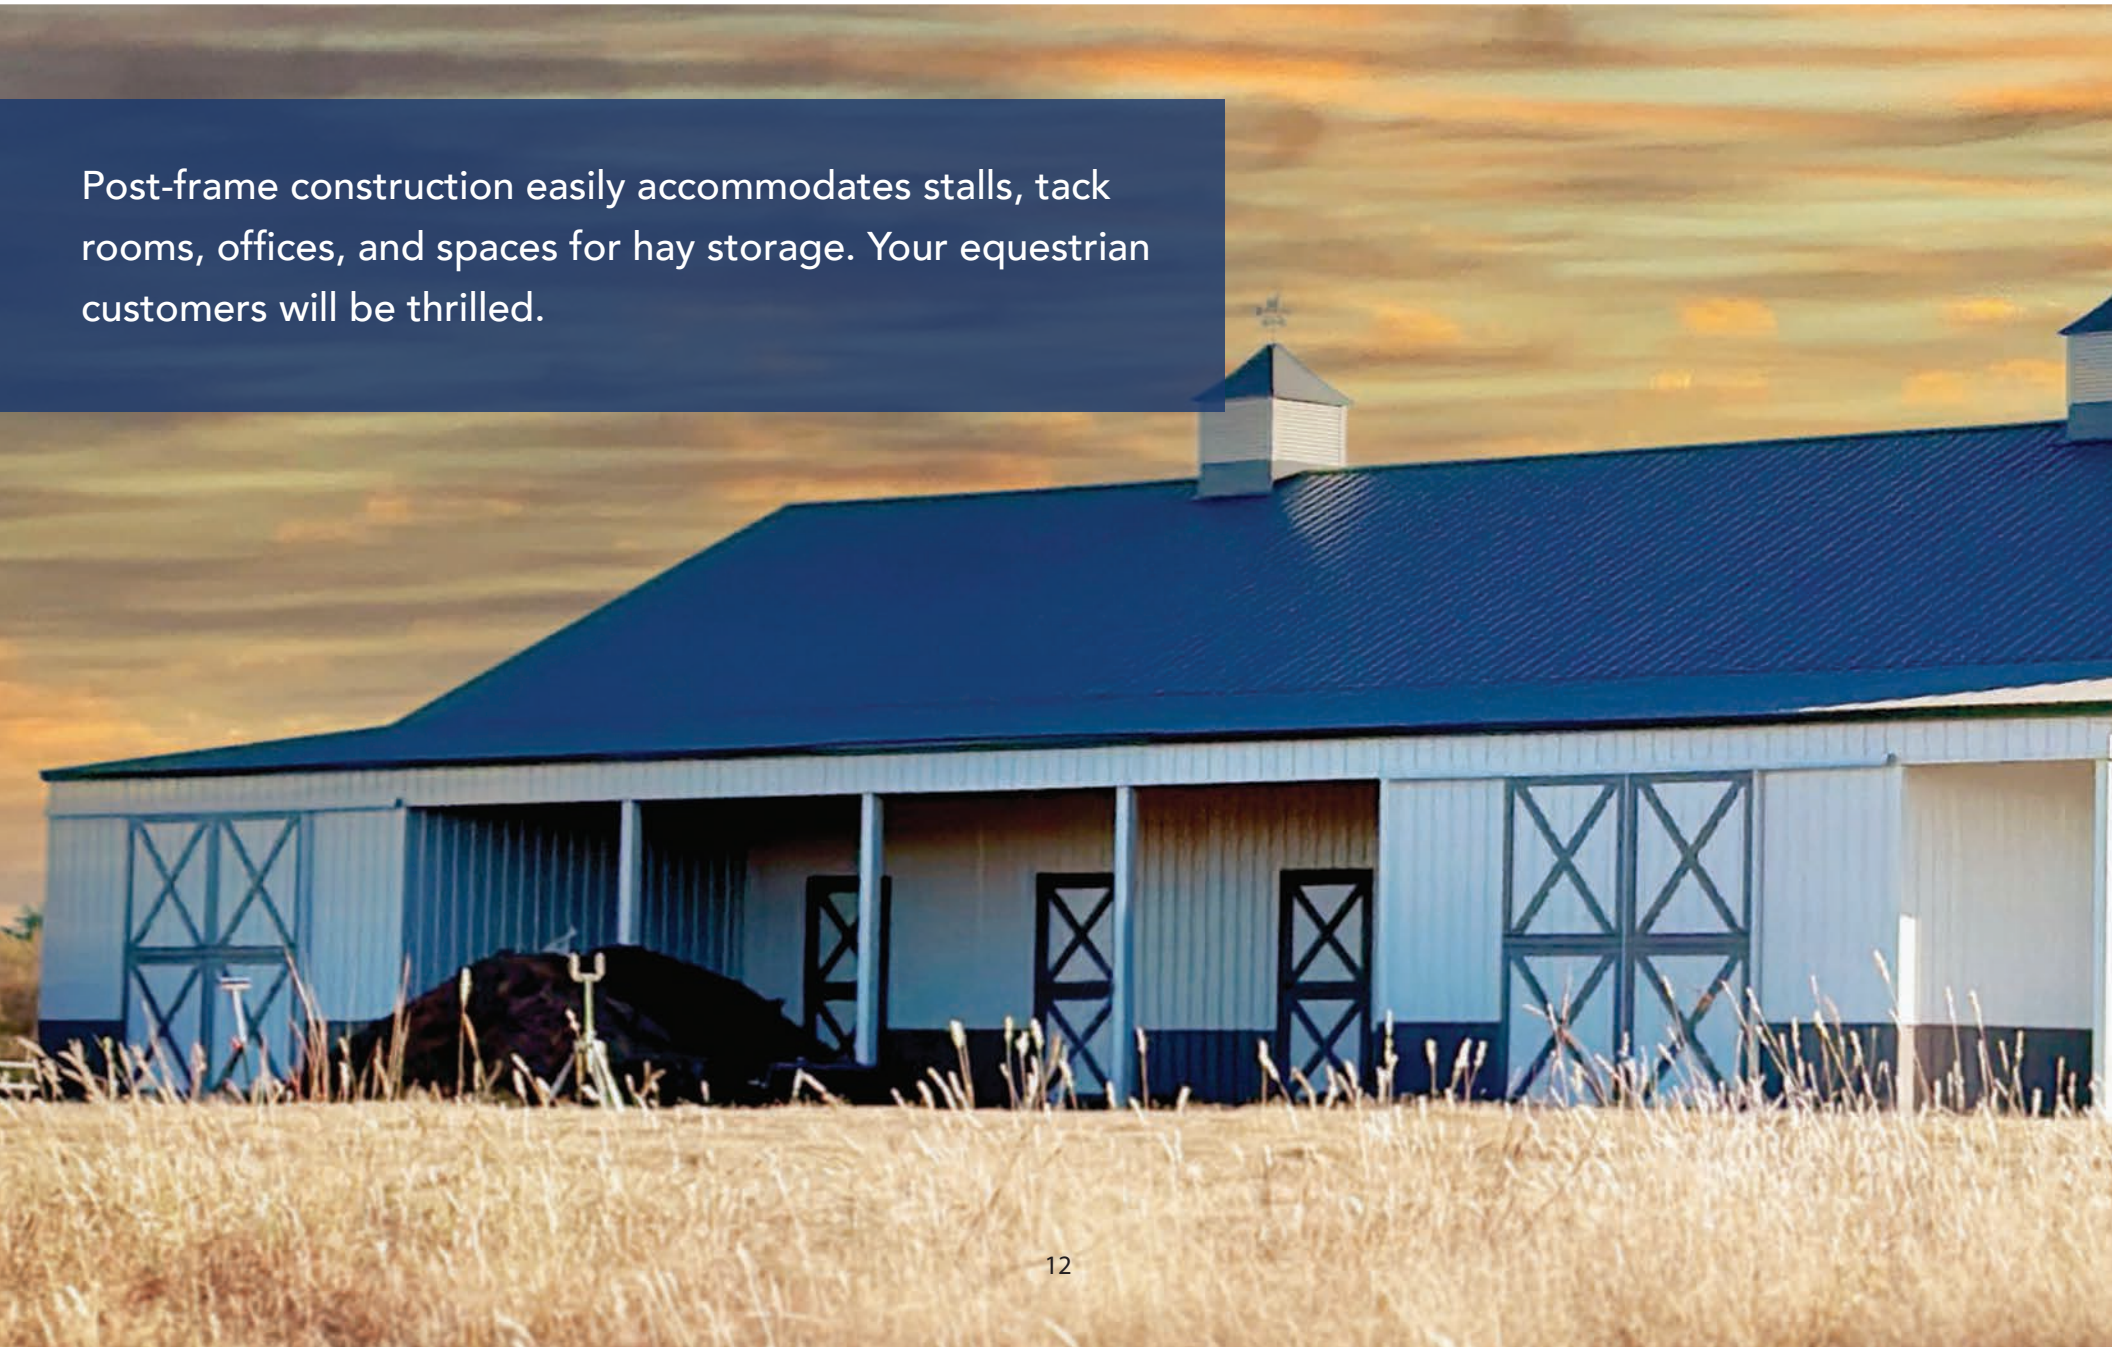

Long, open spans, high ceilings, large doors, high-grade lumber, long-lasting foundations, and durable metal products ensure your customer is making a solid investment.

# Equestrian

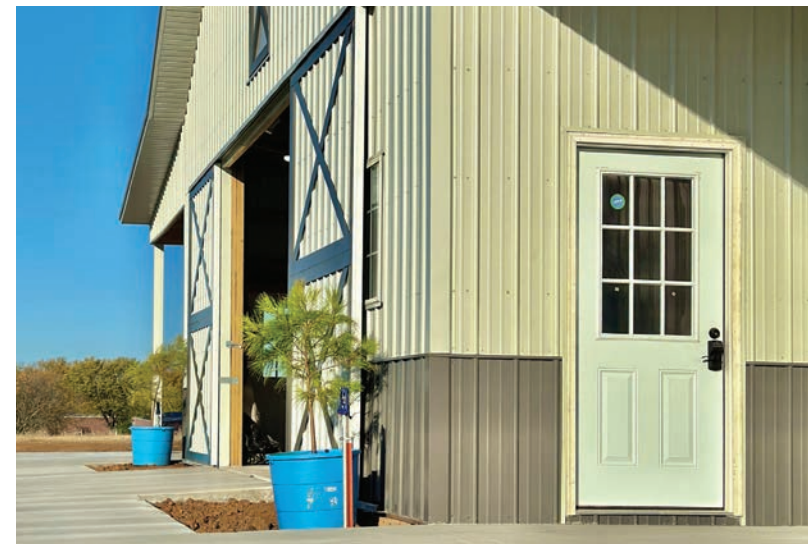

Buildings for horses—post-frame takes it all in stride

Post-frame construction easily accommodates stalls, tack rooms, offices, and spaces for hay storage. Your equestrian customers will be thrilled.

Post-frame buildings are designed to withstand demanding conditions. Horses and equipment will be safe and comfortable in gorgeous, durable post-frame structures.

Custom solutions for equine buildings, structures, large indoor riding arenas, buildings for trucks and trailers—the project possibilities are endless.

# Everything you need, supplied the way you want.

## STEEL ROOFING, SIDING, AND TRIM

Available in 29- and 26- gauge Galvalume® sheet steel panels in three profiles. All panels are UL2218 Class 4 rated for hail and impact resistance and feature Valspar Silicone Modified Polyester (SMP) paint. All roofing, siding, and trim products are manufactured to the highest standards to assure uniformity of fit and appearance to keep your buildings looking great for years to come.

## V-BRACES

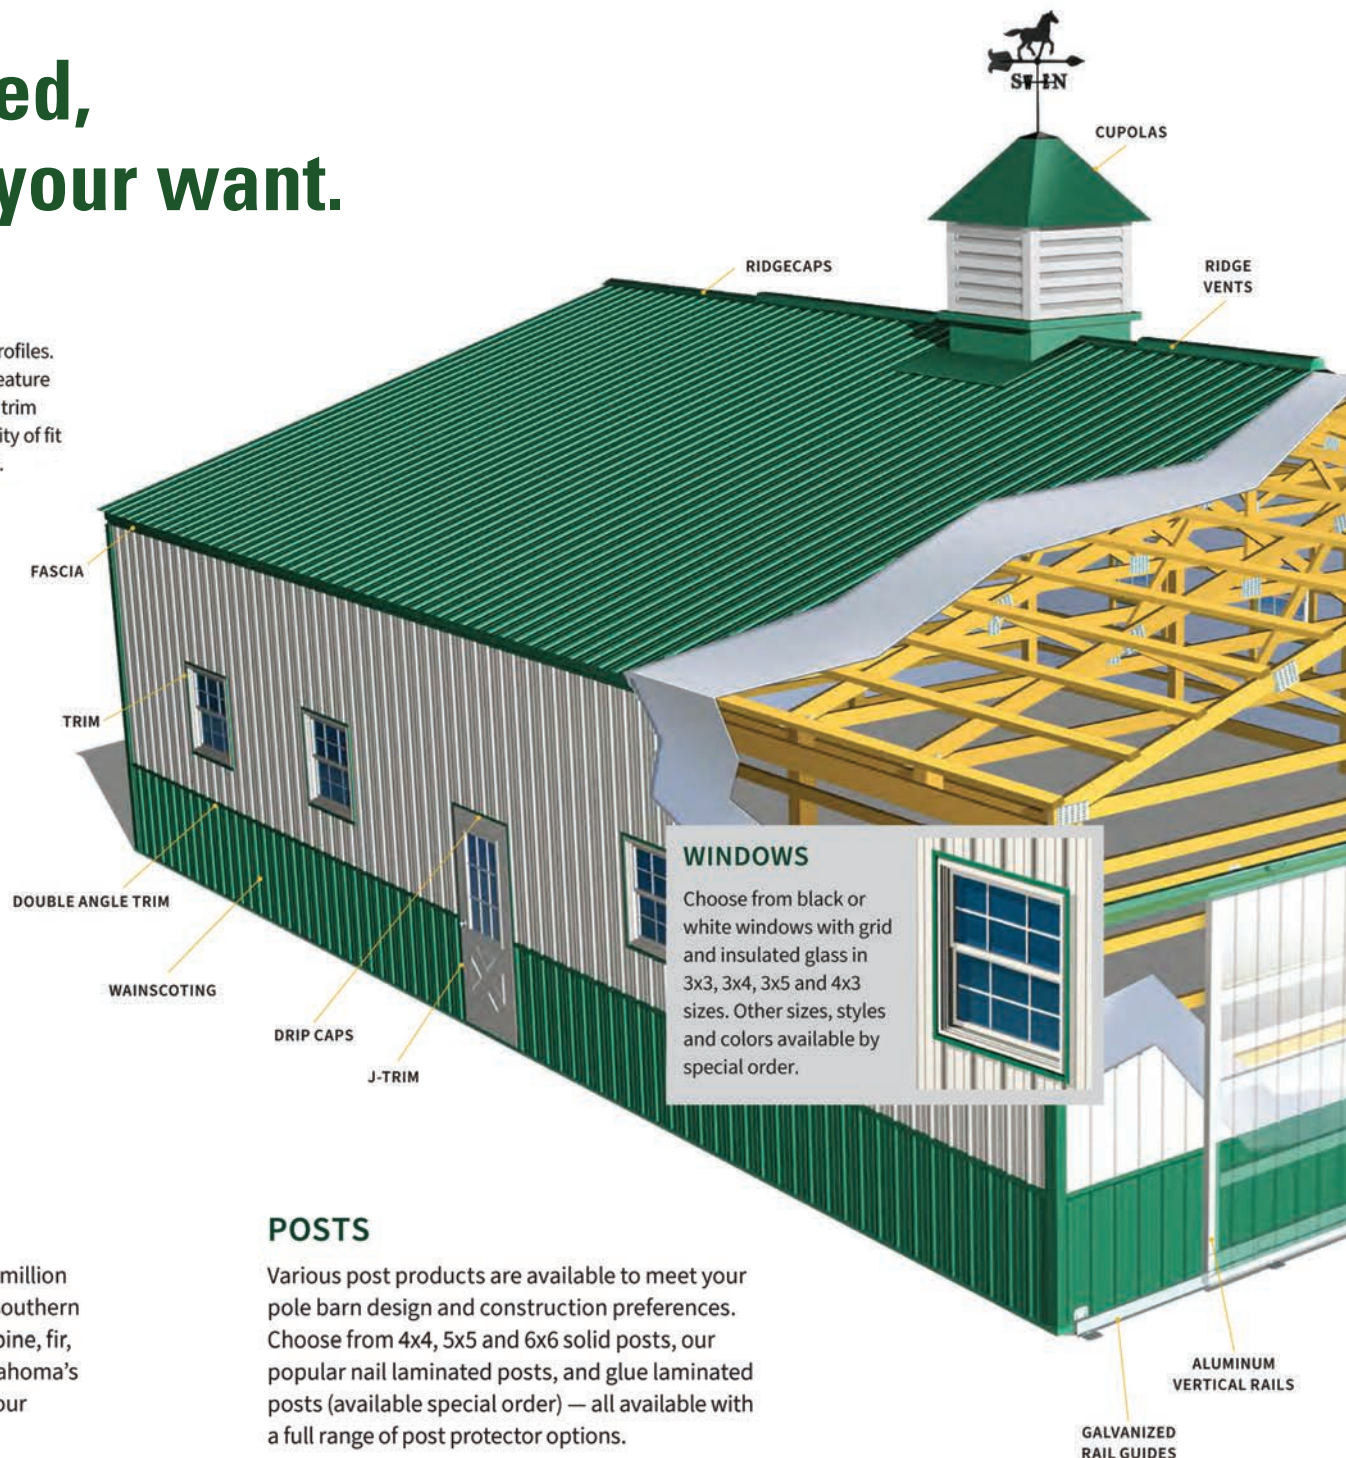

Choose from 5x5 and 6x6 in 32- and 48-inch lengths.

## LUMBER

Our daily lumber inventory exceeds 1.3 million board feet. We stock various grades of southern yellow pine, and select sizes of spruce, pine, fir, SPF, MSR and LVL lumber. As one of Oklahoma's largest lumberyards, Burrow's has all your building supply needs covered.

## POSTS

Various post products are available to meet your pole barn design and construction preferences. Choose from 4x4, 5x5 and 6x6 solid posts, our popular nail laminated posts, and glue laminated posts (available special order) — all available with a full range of post protector options.

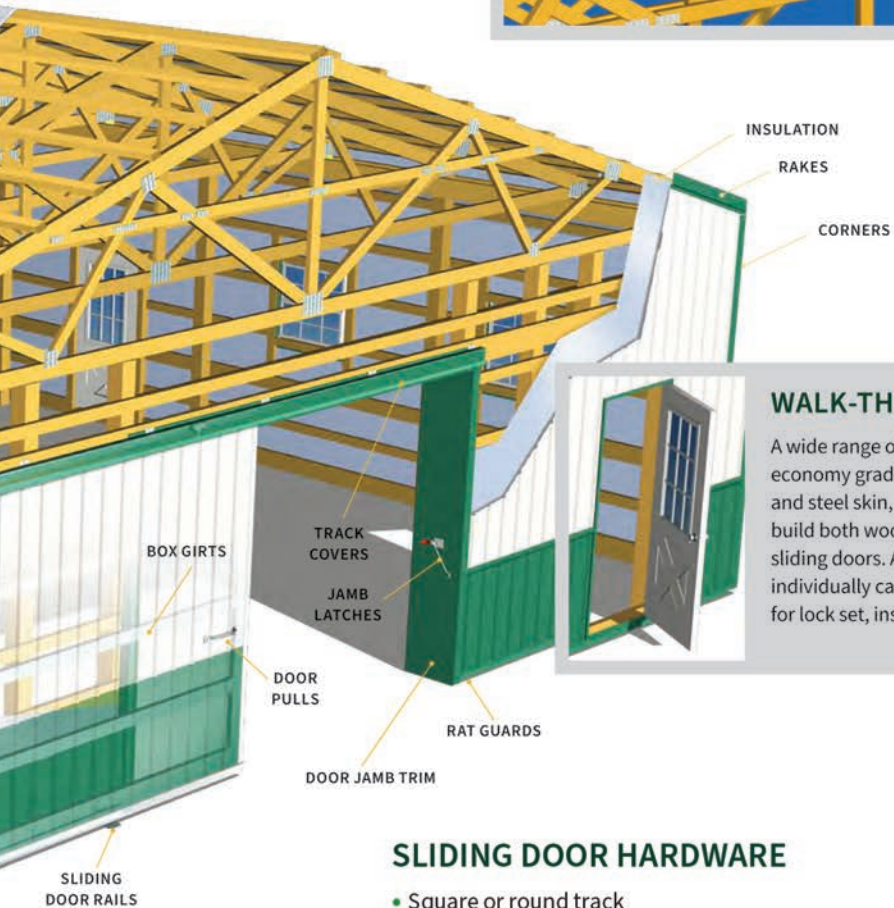

## TRUSSES

Standard wood trusses are made with #2 southern yellow pine or as required by design in the top and bottom chords. Webs feature Southern Pine Inspection Bureau (SPIB) association grade stamped #3 lumber. Wood trusses can be designed for 20 to 100+ pound snow load and up to 155 mph wind. 5 sizes in stock at all times. Custom sizes, styles and specifications can be engineered, designed and built with 4-7 day lead times.

## WALK-THRU DOORS

A wide range of walk-thru doors from economy grade to heavy-duty steel frame and steel skin, Dutch doors, and materials to build both wood frame and steel frame sliding doors. All doors are pre-hung, individually cartoned or crated, pre-drilled for lock set, insulated, and prefinished.

## OTHER ACCESSORIES

- Joist Hangers
- Hurricane Clips
- Carriage Bolts
- Inside and Outside Closures
- Vented Closures
- Insulation options
- Polyfoam
- Expandable Foam Tape (EMSEAL)
- Concrete anchor brackets
- Concrete screw and expansion anchors

## SLIDING DOOR HARDWARE

- Square or round track
- Top mount or face mount
- Male and female vertical rails
- Box girts in 8-ft to 20-ft lengths
- All accessories available to fit slider

## SCREWS AND NAILS

- Metal-to-metal all lengths
- Metal-to-wood all lengths
- Framing screws
- Structural screws

# Trusses

Custom-manufactured and engineered wood trusses designed to meet your specific structural and design needs

Burrow's offers custom-manufactured and engineered wood trusses designed to meet your specific structural and design needs. Available in lengths ranging from 4 to 80 feet, our trusses undergo rigorous inspections at our high-capacity 130,000-square-foot plant to ensure quality and reliability. Whether you require standard wood trusses or custom-designed options, we have you covered with quick

turnaround times of 4–7 days. Our extensive range of truss profiles includes common, scissor, mono, gambrel, and more, and all can be engineered to withstand snow, and wind loads up to 100+ pounds and 155 mph, respectively. With a full-line lumberyard and high-capacity wood truss plant, Burrow's ensures timely delivery of top-quality post-frame products to meet your project needs.

# Metal

The highest-quality metal roofing, siding, and trim options for your post-frame building needs

We offer state-of-the-art roll-formed roofing, siding, and trim to ensure uniformity of fit and appearance using the latest equipment.

Pair that with a wide range of paint color options available to choose from, your finished post-frame metal building will look great for years.

Sherwin Williams WeatherXL Siliconized Polyester 40-Year Limited Warranty backs our prime line of metal siding, roofing and trim products against changing color, chalking, cracking, fading and peeling for 40 years.

## PAINT COLOR GUIDE for Roofing, Siding, and Trim

Choose from our vast selection of paint colors in 29 and 26 gauge steel. We also offer Galvalume® sheet steel.

# Financing

## Options to help customers bring their post-frame projects to life

Burrow's offers a range of financing options to help your customers bring their post-frame projects to life. We partner with industry-leading financial institutions to provide qualified customers with tailored financing solutions. Whether your customers are dreaming of a custom post-frame Barndominium or need funding for an outbuilding project, our dedicated post-frame construction lending specialist is here to guide you seamlessly from the design stage to securing a competitive fixed-rate mortgage loan.

### Barndominium loans

Barndominium loans for anywhere in the United States, with fixed-rate loan options for both the construction loan and the permanent mortgage loan. Turn customers' dreams of owning a custom post-frame barndominium into reality.

### Garage or shop loans

Unique lending solutions for your post-frame outbuilding project. LightStream offers fixed competitive rates, flexible terms, and no fees, charges, or penalties for early payment. Fast approvals in a virtually paperless online experience.

### Agricultural building loans

For building loans specific to agriculture. The AgriFinancial team comes from an ag background with many still farming today. AgriFinancial promises excellent service to you, your family, and to businesses for generations to come.

# Design

## Burrow's has partnered with SmartBuild to offer 3-D estimating software

To help take the burden out of post-frame project planning right from the start, our project coordinators share their insights, expertise, and experience with you to ensure your project is designed for optimal post-frame constructability and performance.

**CUSTOMIZATION:**  
**ENDLESS**

**SIGN ON FEE:**  
**\$1,500**

**BENEFITS:**  
**LIMITLESS**

"With **SmartBuild**, you can typically increase the deal close rate by 50% and cut bid time to about 20 minutes"

- Build a cut list for sheathing and trim
- Automatically frame their custom structure
- Automatically generate construction drawings
- Design a post-frame building in real-time with your clients
- Update the 3D model with a menu-driven set of prompts
- Create material lists and pricing automatically

# Stock Barndo Plans

## Bring your barndominium dreams to life

Customers can experience the joy and excitement of living in their dream barndominium with the help of exclusive floor plans, each customizable to suit individual desires and needs.

## The Stacey Lynn Collection

### Build the home you deserve

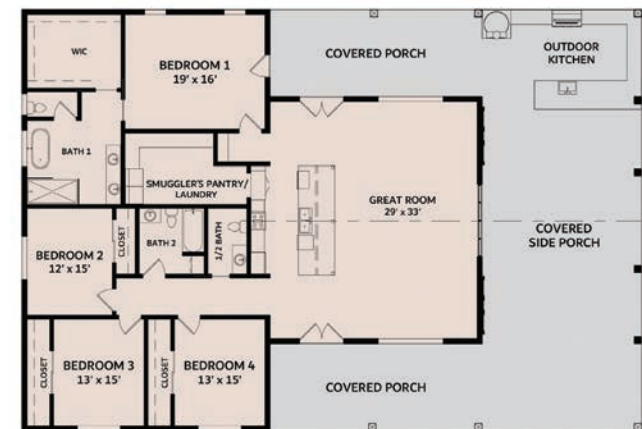

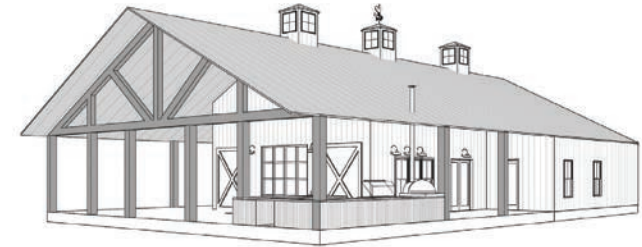

Known as The Barndominium Lady,<sup>TM</sup> Stacey Lynn is making waves in the post-frame industry. Her work has made headlines in local and national media outlets while her impressive, self-taught skills in barndo design, contracting, and decorating have drawn admirers from all over the country. Living in her own barndo, The Creek House, she embodies the lifestyle she promotes.

*"We all deserve a home that is a great place to live, provides everyday comfort, and fits our family's many needs."*

Stacey follows a simple philosophy: Everyone deserves a comfortable home fitting their needs and desires. Her unique approach to barndominium design, emphasizing open concepts, creative combinations, and the artistic placement of luxury features, ensures that every space in a home is utilized and enjoyed. No matter her clients' budget, Stacey approaches each project with the same meticulous attention to detail, creating luxurious and inspiring designs.
