

MEET THE... BARNDOMINIUM LADY

WELL, HEY Y'ALL! I HOPE YOU'RE HAVING A GREAT DAY!

I am Stacey Lynn, the Barndominium Lady™! I'm a pearl wearing, Creole girl with southern Louisiana bayou roots. I came to Texas to go to college (University of Houston with a degree in Marketing & Communications – Go Cougs!) and have pretty much been here ever since. Like many of us transplanted Texans say – “I wasn't born here, but I got here as fast as I could!” My family and I love Texas and all things Texan!

What else do I love? It's simple – I love Barndominiums. They are strong, steel-frame or post frame homes, usually with metal siding (but other options are available) to which you can creatively add great front and back porches, grand entry ways, fabulous open concept great rooms and kitchens, oversized kitchen islands, massive fireplaces, "smuggler's pantries," and super-sized owner suites and baths. You can have special items like firehouse style glass garage doors that double as picture windows, outdoor kitchens that rock pizza ovens, and bunk and media rooms that make your family and friends want to visit every day and stay for a while! And Barndos offer the opportunity for more DIY projects than you can shake a stick at. This is what I love, and this is what I call our “Our Barndominium Life!”™

I opened The Barndominium Company™ to share my passion for design, construction & décor with you. We all deserve a home that fits our family's many needs. We can help you with that. When I wake up in my Barndo and look around – I smile and say, “I get to live here.” I want to share that feeling and excitement of living in a Barndo with you.
